Dr Shane Oliver
AMP Chief Economist

Shane Oliver joined AMP in 1984, becoming Chief Economist in 1994 and is now Chief Economist and Head of Investment Strategy. Shane has extensive experience analysing economic and investment cycles and what current positioning means for the return potential for different asset classes such as shares, bonds, property and infrastructure. Shane is a regular media commentator on economic and investment market issues and engages regularly with investors at public events and forums.

Shane has a PhD in economics which focused on the validity of the Efficient Market Hypothesis and asset price bubbles. He is also an Adjunct Professor of Economics at Macquarie University.

David Cuff
Financial Adviser

David has worked in the financial services industry since 2005 and has been with ipac since January 2007.

David enjoys the positive impact that comes from helping clients develop a strategy to achieve their lifestyle and financial goals. He helps people build wealth, plan successfully for retirement and manage life transitions such as retirement. He also helps guide clients through more difficult life events such as declining health, loss of employment, accidents, injury, illness and disability.

David holds a Graduate Diploma Applied Finance (Financial Planning), a Bachelor of Commerce (majoring in Accounting and Finance) and he is also a Member of the Financial Planning Association of Australia.
